

May 2026

RocketAnn  
Faculty

# Items to be completed in May

- Watch this video and complete Faculty RocketAnn May feedback
- Final, All teams Knowledge Sharing Meeting IPC May 13
- Prepare for All Baby Day and celebrate it on June 1

# RocketAnn feedback

- A few technical glitches
- 100% support for concept in feedback
- We will continue to improve technical aspect ( and expand into Portuguese and French)
- Feedback forms very useful- especially what people want to study

# Knowledge Sharing Meeting ( May 13- I think)

- All teams to compile final summary of QI project ( for those who haven't finished project, they can do up to know, but ideally finish as June we start CPAP- in a big way.
- I need a short, standardized powerpoint from each team- I will share a template they can use.
- If teams want to do a longer, more in depth presentation that is fine too, and if they do, please share that as well- but I still need the standardized powerpoint
- I will also give Hawassa 15 minutes to present their powerpoint in full.

# All Baby Day

*'Celebrating All babies, everywhere . Big ones, small ones, healthy ones, sick ones, Kazakh ones and Cameroonian ones'...*

- **Goals**

- 1) Increased accountability through the public sharing of key data
- 2) Celebration of successes of the last year
- 3) Announcing the plans for the coming year
- 4) Improving family participation
- 5) Recognising and building partnerships

# What does faculty need to do?

- Make sure \$ 500 budgets have been dispersed to units ( and have some form of record of this and share with Pam
- Prepare some form of address ( written speech) or presentation ( powerpoint or video) to be read/ shared at each unit in your country ( 5 min max) basically promoting work ANN is doing/has done in your country
- Contact someone in local ministry and meet with them
  - What ANN is doing in country and why it is a good thing
  - Share some data from ANN ( Pam/ Veronica to provide)
  - What ABD is all about
  - Invite ( if appropriate) to attend a unit ABD celebration, or our ANN ABD zoom ( Helina to share link)
  - Forge a personal connection

# What do units need to be doing for ABD?

- Make sure they understand that they have control over how money is spent but need to provide some basic accounting ( a sample accounting will be shared on RocketANN)
- Liaise with hospital management and invite them to ABD celebration ( and if possible share the unit's VON annual summary from 2025 with management)
- Engage any local partners for the unit and invite them to come and celebrate together
- If appropriate, invite ( and fund) some family members to attend and present

# Units ABD preparations – 1 h ceremony

30 minute presentation from QI team ( let all members do some presentation)

- Cover issues such as 2025 results ( use VON supplied annual report and membership survey if you want)
- Sumarise what activities the team did in 2025 ( KMC QI, Annual meeting in Kigali, starting IPC QI)
- Share your Kigali QI poster if you want
- Anything else you want ( but limit to 30 min!)
- 5-10 min for some families who have been discharged to come back and talk about how their experiences were ( support them)

Invite a member of hospital management to talk for 5-10 minutes about QI or ANN or All Baby Day.

- A 5 min video presentation/speech will be shared by National lead talking about the planned creation of a national neonatal network in your country

A 5 min video/speech from the Africa faculty sharing what is planned for ANN2.0

-
